

Daylily Discounts - 2018 Spring

Hello Everyone and GOOD futures for 2018 to you all.

I have A LOT to say here, and simply put, we have *wonderful* New Introductions for Spring and Fall; to offer you. In fact, it is a Pierce record the number of intros. You should see what we must Toss... every year.

These are Not the hems of the past, since before 2012; OUR plants, My intros, are STRONG. ***Nothing that I sell has ever had more than one fan ever die. And Absolutely **NO** Banrot or other products. If 2 fans die, EVERYTHING gets tossed. I Promise!!! Do you like this?

I am offering **Two Discounts** this year – We need money like NOW to get everything... planted on schedule.

Order and pay before December 31, 2017 and receive the following discount: Please note that all discounts end December 31, 2017.

Buy more than 4 intro's – 10% Discount
Buy more than 8 intro's – 15% Discount
Buy more than 14 intro's – 20% Discount

Now the second Part: So... if you order and pay In Full, EARLY – Right Now, prior to the end of November 30, 2017, you will receive **an additional 3% off**. This will be added to the above Discount for ordering and paying in Full before Dec. 31st. ***This is up to 23% Off Before November 30th**. Pay in Full via a check/money order only. No Credit Cards **for the additional 3% discount**; as it costs us Over 2% to run the credit card charge. But you can use a credit card to pay and get the first round of discounts. **So please send Checks or Money Orders to get the additional 3%.**

Note: I am introducing Most of these daylilies ONE year early. Look. I am doing Everything I can **not to** win your Business. But to open folks' eyes to see How much beyond 200% we actually do, to give the Best Daylilies in the World. ***And Honestly!!! We are bashed by so many people now, for being the best. For once I wanted to stand up and SAY WHY... I stand by my Daylilies.

I hope you will notice the photos too. Question! The Former's Daylilies. Have you EVER seen them look like the published pictures in their catalog? Ever? I used to think it was just Me, and it was My climate. ***This was the trick. I am sure that many of you have wondered the same thing for decades now. Did you know that None, NONE of them even looked like that here in Florida! Never! I could tell you MORE!!! true stories until your eyes burn. My Point. I take my pictures right out in the field, with a tiny camera. No screw-on special enhance lenses. No, not in the greenhouse, No Photoshop. Point – Picture – Post. What is that called again? Honesty. I hope you get what I am saying.

***My program is around the actual variety and bloom. NOT around one lucky enhanced picture to make more money at ALL Costs. OK, Enough – for now...

Enjoy these, and please keep in mind. We are No Longer releasing Daylilies with OVER 100 DF Pots. This has become just too costly, and wasteful! Many, MANY, Fall and Spring 2018 have only 50 pots. *50 – 60 Pots. This is to sell-out, and they will. Could be as soon as a week. *Support Us, and as ALWAYS..., we will strive to make you happy.* There is a mutual Need here. It takes Two. ***We Need your Support! So, Thank You.

And... We are now Open for Business!!!

Enjoy,

Guy Pierce
